## Beachcomber All-Inclusive Package

Guests at Mauricia have the option of purchasing an all-inclusive package, which includes most meals and most drinks for the duration of their stay from time of arrival to time of departure. The half-board rate is, however, still available for those not wishing to pay the all-inclusive rate. The package is paid for in advance and must apply to all adults and children travelling together. The all-inclusive package is fully interchangeable with Canonnier and Victoria. Half-board and all-inclusive guests are accommodated on the same conditions when dining à la carte, where a set amount is payable per dish selected. Please enquire for more details.

Groups accommodated on different all-inclusive conditions.
