## Beachcomber All-Inclusive Package

Guests at Mauricia have the option of purchasing an all-inclusive package, which includes most meals and most drinks for the duration of their stay from time of arrival to time of departure. The half-board rate is, however, still available for those not wishing to pay the all-inclusive rate. The package is paid for in advance and must apply to all adults and children travelling together. The all-inclusive package is fully interchangeable with Canonnier, Victoria and Shandrani. Mauricia clients are to note though that the all-inclusive package inclusions of the property they are visiting will be available to them. Half-board and all-inclusive guests are accommodated on the same conditions when dining à la carte, where a set amount is payable per dish selected. Please enquire for more details.
Groups accommodated on different all-inclusive conditions.
